شركة اطلس التجارية (الكويت) ذ.م.م.
ATLAS COMMERCIAL CO. (KUWAIT) W.L.L.
TRADERS AND MANUFACTURERS OF BUILDING MATERIALS
An ISO 9001 : 2008 Certified Company

About the Company

Atlas Commercial Co (Kwt) W.L.L is one of the oldest companies in Kuwait (Est. 1962) dealing in Lumber, Wood Products, Galvanized Steel and allied products. It has five retail outlets dedicated to selling wood and building products to the Kuwait market.

Wood is one of the most natural and sustainable building material commonly used in construction.

Hardwoods and Softwoods

It is common to classify wood as either softwood or hardwood. The wood from conifers (e.g. pine) is called softwood, and the wood from dicotyledons (usually broad-leaved trees, e.g. oak) is called hardwood. These names are a bit misleading, as hardwoods are not always necessarily hard, and softwoods are not necessarily soft. The well-known balsa (a hardwood) is actually softer than any commercial softwood. Conversely, some softwoods (e.g. yew) are harder than many hardwoods. Atlas Commercial Co., has an extensive range of

Softwoods in all popular market sizes including some special sizes

- Austrian Spruce exclusively from STORAENSO
- Romanian Spruce
- North American SPF (Spruce Pine Fir) Surfaced Lumber.

Hardwoods in all popular market sizes including some special sizes.

Red Meranti, Okume, German & Romanian Beech, Kapur, American Walnut, African Teak (Iroko), Red Oak, African Sapele are the more popular species we carry. Other species not mentioned above are also available. Please check with us for details.

Engineered Wood

Engineered wood, also called composite wood, or manufactured board, includes a range of derivative wood products which are manufactured by binding or fixing the strands, particles, fibers, or veneers or boards of wood, together with adhesives, or other methods of fixation to form composite materials, such as plywood, chipboard, hardboard, medium-density fiberboard (MDF) and laminate flooring.

Engineered wood products include

- Plywood Ordinary, Film faced and Veneered
- Blockboards Ordinary and Veneered
- MDF Ordinary, Melamine (MODECOR) and Veneered
- Veneers
- Laminated Wooden Flooring (MODECOR)
- Laminated Wooden Beams (STORAENSO)

We offer our customers, lumber and wood products from around the world from socially and environmentally responsible forestry.

Atlas also has a Pallet Plant with a capacity of 800 heat treated stringer pallets per day. Additionally we supply heat treated lumber and plywood or heat treatment services to clients that bring us their green lumber and plywood. (ISPM # 002).
